from the preface my volume on the principles of sociology is described in the preface as an attempt to combine the principles of sociology in a coherent theory in plan and method the book is on the whole concrete rather than abstract consequently the theoretical propositions that it contains are scattered through many pages of descriptive and historical matter and are nowhere brought together in a didactic series it is therefore possible that not every reader of the volume has perceived the coherence of its theory and that classes using the book as a text have experienced a degree of difficulty in arranging its theoretical propositions in a consecutive order the theory assumes that certain adaptations of the individual to the physical world certain economic experiences ideas and activities and certain ethical experiences ideas and tendencies precede social life see the principles of sociology pp 41 45 100 103 239 the theory itself as distinguished from these presuppositions comprises the following propositions namely first certain affirmations about the modes of aggregation which bring individuals that are more or less alike into contact and acquaintance second certain propositions about the more important modes of resemblance which may be observed in any aggregation of individuals third propositions about a consciousness of similarity or of kind which it is alleged is the true cause of social phenomena fourth propositions about the reactions of association and of the consciousness of kind upon individual motives conduct and character fifth propositions about the organization of the consciousness of kind into a social mind and about its expression in social purpose and control sixth propositions about the laws of social choice seventh propositions about the establishment of definite social relations and institutions by the social mind and eighth propositions about the persistence of social choices and institutions of

these propositions the ones about the modes of resemblance and the consciousness of kind are of chief importance they contain or involve the entire theory
